

PBS: 21-1 Update

Release 21-1 of PBS has been installed. Along with a couple of fixes, there are a few changes/enhancements to PBS which will be reviewed in this bulletin.

As with any update to PBS, you should:

Clear your browser's cache and web data

The “Old” User Interface remains in effect. Once the end of support for this interface has been determined, you will be advised of the end date along with a pre-determined “sunset” period of no less than three (3) months.

Remember that if you access PBS using the Direct/Alternate access link (bypassing the portal) then continue to use the following:

PBS: 21-1 Update

Category Seniority on Info Tab (Mainline Only):

Your relative seniority will now be displayed on the Info Tab. The first number is your category ranking at your base and the second number is the total number of crew members at your base within the same category. These numbers are followed by your seniority percentage within your category.

In the example below, the crew member is in the FA category. They rank 37th out of 316 FAs at their base. Their seniority percentage is 11.7%.

Bidding Information **Upcoming Activities**

If you are dual classified and have the ability to bid as both SD and FA, your category seniority will only be available in the SD category.

If you are an FA, the total number of FAs at your base will not include any dual classified SD who may be flown as an FA.

PBS: 21-1 Update

Allowances added to printed list of pairings:

In the Pairings Tab, you can print lists of either all pairings or of any current filtered pairings by clicking on the printer icon at the top of the page.

The printed lists now include the Allowance amount (when selected) as shown below:

Period: APR21 Pairings: (33/61) YYC-ALL-FA

Filter: If Any Layover In YUL

Corrected syntax for error messages:

Error messages have been corrected to align with the new pairing group syntax. Bid submission errors will now include the reference to Pairing Bid Group and/or Reserve Bid Group instead of the old Start Pairings or Start Reserve.

PBS: 21-1 Update

Max Above feature automatically combined with ESNBG:

The Max Above feature available under the Award Reserve bid group is now automatically combined with Else Start Next Bid Group (ESNBG). There is no longer the need to manually check off the ESNBG option listed under the Max Above feature as it is no longer displayed.

Award Reserve	Max Above
<input type="button" value="Home"/>	<input type="button" value="Home"/>
<input type="button" value="Close"/>	<input type="button" value="Close"/>
<input type="button" value="Apply"/>	<input type="button" value="Apply"/>
<input type="button" value="Reset All"/>	<input type="button" value="Reset All"/>
<input type="button" value="Back To Add Bid Group"/>	<input type="button" value="Back To Add Bid Group"/>
<input type="checkbox"/> Max Above	<input type="text" value="0"/>

As soon as the Max Above feature is opened, the bid line in progress will show the ESNBG tag:

Award Reserve Max Above 0 Else Start Next Bid Group

Once the desired Max Above value is entered and Apply is clicked on, the bid line will be numbered and show as follows:

23 Award Reserve Max Above 5 Else Start Next Bid Group

There are no changes to the PBS processing logic.

PBS: 21-1 Update

Addition to the allocation process of UDOs (Rouge Only):

There is a new step to the allocation process of UDOs based on the time that a pairing ends on the day prior to the possible UDO assignment. PBS will not award a UDO on the day following a pairing that is scheduled to end at or after 22:30. All other UDO awarding processes will remain the same.

Example:

- Pairing T1234 has been awarded and ends at 22:35 on October 17th. The pairings award is now complete.
- The request is for Prefer Off October 18, 2020, October 19, 2020 in the first bid line, but PBS will not assign a UDO on October 18th, however one may be awarded on October 19th (if possible).

Oct 16	Oct 17	Oct 18	Oct 19
T1234		UDO MAY NOT BE AWARDED (EVEN IF REQUESTED & POSSIBLE)	UDO MAY BE AWARDED (IF REQUESTED & POSSIBLE)
09:22	22:35		

Example:

- Pairing T1456 has been awarded and ends at 22:29 on October 12th. The pairings award is now complete.
- The request is for Prefer Off October 13, 2020, October 14, 2020, October 11, 2020 in the first bid line, PBS may assign a UDO on October 11th, another on October 13th and one may be awarded on October 14th (if possible).

Oct 11	Oct 12	Oct 13	Oct 14
UDO MAY BE AWARDED (IF REQUESTED & POSSIBLE)	T1456	UDO MAY BE AWARDED (IF REQUESTED & POSSIBLE)	UDO MAY BE AWARDED (IF REQUESTED & POSSIBLE)
